HOME HEALTH CARE

Care You Can Trust

When you or someone you love needs skilled nursing or companion care, Generations Home Health Care is the answer.

We understand that you can't always be with your family. Make the choice that is best for everyone. Those who want to remain at home will feel better knowing that they have the care, attention and companionship they need, and the rest of the family will feel better, too.

In addition to providing personal care and attention, our caregivers communicate with respect. The nurses and caregivers you choose will act in your best interests and ultimately would like to be considered as an extension of your family.

Our careful screening process means that we select nurses and caregivers who offer kind and compassionate companionship and assistance. Trust Generations Home Health Care.

HOME HEALTH CARE

Our Nurses and Caregivers

You can trust the nurses and caregivers at Generations Home Health Care. Careful screening, background checks and personality profiles are all part of our extensive selection process. Our nurses and caregivers are:

**Bonded • Licensed • Insured •
Screened • Trained**

We understand that each person has specific needs and interests, and that there can be challenges along the way. That's why we offer a variety of nurses and caregivers to choose from, including those who are multilingual. Our staff profiles enable you to feel confident that the person you choose will be a good match.

Ongoing RN supervised training ensures that our nurses and caregivers maintain the highest level of service and professionalism. Each person offers warm, friendly and respectful care, **just like family.**

Your home. Your choice.

The Five Pillars of Care

Generation Home Health Care provides warm, caring attention and assistance at home, allowing you or your loved one to stay in familiar surroundings. This means enjoying pets, gardens, friends and neighbors. Our Five Pillars of Care consist of:

Respect: Our nurses and caregivers acknowledge accomplishments and achievements, and honor people with the respect they have earned and deserve.

Family: We treat our clients the way you would, and act as an extension of your family.

Quality: The quality of care is consistent, whether it is on a weekday, weekend, or overnight.

Communication: Frequent updates and feedback provide detailed information and reassurance.

Flexibility: Generation Home Health Care nurses and caregivers are patient and able to adapt to each person's changing needs.

There is no substitute for family, but we're the next best thing. Our dedicated nurses and caregivers approach their work with a mixture of patience, devotion, optimism and good humor, in hopes that they will earn the privilege of being considered a part of your family.

Affordable Care

The cost of an assisted living facility can be a burden for many families. Plus, moving to a strange environment can be tremendously stressful. You can avoid that by taking advantage of in-home care. Generations Home Health Care allows you or your loved one to remain at home, and you can choose the times when a caregiver is needed. Our rates are affordable, giving you peace of mind, knowing that you can get the care you need for yourself or your loved one.

Take the First Step

When you or someone you love needs help at home, give us a call. We're ready to listen. A consultation with you and your family will help identify the level of care that is most appropriate. From there, we will work together to develop a plan that suits your needs. We help people stay comfortable and safe, with warm, friendly nurses and caregivers you can count on.

Companion Care

Medication Reminders

Light Housekeeping

Transportation

Your home. Your choice.

I called many companies looking for care for my mother. Some didn't call back. Others weren't knowledgeable. We wanted good people and good service, and that's what Generations Home Health Care provides.
