Dream Foods International Launches New Organic

Volcano Grenadine Burst®

Kids and Parents Celebrate!

Santa Monica, CA, August 8, 2013 – Dream Foods International, LLC, (www.dreamfoods.com), a specialist in organic juices from Sicily, Italy, is launching its new organic Volcano Grenadine Burst® as a healthy alternative to existing grenadine products available on the market. Made without artificial colors or flavors, the 3.4oz squeeze bottle of grenadine is USDA organic.

“Most Americans have a memory of childhood special occasions when they were offered a Shirley Temple or kiddie cocktail. Over time, parents began to realize that the artificial coloring and flavoring in traditional grenadine wasn’t what they wanted to be serving their children,” stated company President and Founder, Adriana Kahane. “The natural pomegranate flavoring and organic berry coloring in Volcano Grenadine Burst® gives us that flavor we loved as children without any of the unhealthy stuff,” continued Kahane.

Today, many of the traditional grenadine products still contain high fructose corn syrup, chemical colors and preservatives. Those types of ingredients are no longer acceptable to many consumers. This led Dream Foods International to develop an organic alternative. “The natural ingredients in Volcano Grenadine Burst® make it an appropriate addition to the Volcano Burst® line we are already selling in many produce departments,” Kahane continued.

Volcano Grenadine Burst® will sell in the produce department along with the highly successful Volcano Lemon Burst® and Volcano Lime Burst®. This traditional fruit syrup will appeal to those who use it for marinades, glazes, desserts and for Mixologists making cocktails and Shirley Temples for the kids. Parents can feel better about using an organic product when making festive recipes for birthday parties and family gatherings.

Dream Foods continues its efforts in bringing new organic products to market with an uncompromising adherence to quality. The suggested retail of Volcano Grenadine Burst® is \$1.69 (3.4oz). It features a tri-lingual label that is Canadian compliant and includes English, French and Spanish text. Consumers can buy Dream Foods International’s products at the website www.mybrands.com by searching under the brand name “Volcano.”
