

SAGEMCOM PROMOTED TO XEROX BUSINESS INNOVATION GOLD PARTNER

SAGEMCOM ACHIEVES GOLD PARTNER STATUS WITH XEROX

MONTREAL, Canada (August 19th, 2013) - Sagemcom, a global leader in advanced fax server solutions for IP networks since 2002, announces they have achieved Gold Partner Status, in the US market, as part of the Xerox Business Innovation Business Partner Program.

Sagemcom's XMediusFAX™ solutions allow Xerox customers to fax-enable multifunction printers (MFPs) without an analog phone line or fax kit. XMediusFAX™ also allows users to send and receive faxes from PCs, tablets and smartphones.

Sagemcom solutions are validated against all Xerox Extensible Interface Platform-enabled MFPs to ensure their compatibility and provide a common user experience from any device.

The promotion to Gold Level Partner reflects continued growth in both sales and co-marketing initiatives, as well as an enhanced presence within the overall Xerox community.

"Sagemcom is proud of advancing within the Xerox Business Innovation Partners Program. Our increased collaboration with Xerox represents a paradigm shift in the way organizations approach electronic document delivery," stated Jean Champagne, General Manager of Sagemcom Canada.

For more information on XMediusFAX™ 7.0 interoperability with Xerox products go to: <http://www.office.XEROX.com/software-solutions/sagemcom-xmediusfax/enus.html>

About Sagemcom

French high-technology group with an international dimension, Sagemcom operates on markets of broadband (digital home, digital set-top box, broadband and residential terminals), telecom and energy (telecommunications infrastructure, smartgrid and metering), and management of documents (printing terminals, software and solutions, digital production workflow). With a turnover of about 1.3 billion Euros, Sagemcom employs 4 600 people on five continents; already a European leader in most of its key markets, Sagemcom aims to become a world leader in high added value communicating terminals. Sagemcom is strongly committed to sustainable development through the life cycle of its products: eco-design, energy consumption, ethical code of all its suppliers.
