Charlotte, NC – Cirrus Medical Staffing (www.cirrusmedicalstaffing.com), an industry leader in travel nursing and allied healthcare staffing, today announced an 18% increase in its 2013 midyear revenue performance compared to June of 2012.

“2013 to date is turning out to be a monumental year for Cirrus in terms of growth as a company,” said Randy Holloran, President of Cirrus Medical Staffing. “The first part of 2013 saw our permanent placement division, CMS Direct Hire, really take off.”

He added, “We’re very pleased with the company’s continued growth year-over-year. This is a testament that we’re giving our clients and our candidates what they expect from a topnotch staffing firm.”

Holloran is excited to see what the latter half of 2013 will bring. Holloran said he sees further growth. “The market is showing no sign of slowing down and neither are we. Our nursing and permanent placement divisions will continue to generate strong revenue for Cirrus in the coming months. The healthcare staffing industry is experiencing a rapid surge of growth and, as an organization, we’re ready to meet its demands head on,” he said.
