Stop-Painting.com

The expert in traffic control solutions and specializes floor tapes.

The Instant, Self-Adhesive Anti-Slip Safety Surface.

The fast, easy and economical way to prevent slips and falls.

Exceeds OSHA, ADA and ASTM requirements.

SAFETY SELF-ADHESIVE TAPES IN ROLLS

ANTI-SLIP TAPE

QUICK AND EASY APPLICATION
TO MOST SURFACES, AVAILABLE
IN STANDARD SIZES

Economical, "peel and stick"
anti-slip tape, available in eighteen
colors.

Product Safety

Improve the safety, performance and the operating ease of your product with Anti-Slip Tapes. Reduce your liability risk!

Workplace and Walkway Safety

Help reduce the risk of lost time from accidents due to slips and falls and help meet OSHA requirements by applying Anti-Slip Tape to walkway and step surfaces. Anti-Slip Tapes can reduce the risk even in the presence of water, oil, or grease. Our "Safety Yellow" color tape can be used to emphasize caution in specific areas.

Use Anti-Slip Tape just about anywhere you need it!

Anti-Slip Tape Standard Roll Sizes

Standard Tolerance $\pm 1/16"$

3/4" x 60' - packed	16 rolls per carton
1" x 60' - packed	12 rolls per carton
2" x 60' - packed	6 rolls per carton
3" x 60' - packed	4 rolls per carton
4" x 60' - packed	3 rolls per carton
6" x 60' - packed	2 rolls per carton
8" x 60' - packed	3 rolls per carton
12" x 60' - packed	1 roll per carton
18" x 60' - packed	1 roll per carton
24" x 60' - packed	1 roll per carton

All colors available in standard roll sizes or die cut shapes

SPECIFICATIONS:

- ◆ **Flexibe** - bends over sharp 90° angles without fracture. Repeated bending without cracking or failure of bond.
- ◆ **Application** - substrate temperature must be above 50°F when tape is applied.
- ◆ **Temperature Limits** - applied anti-slip tape has a useful temperature range of -40°F to 220°F. However, limited exposure to temperatures above 220°F will not harm the tape.
- ◆ **Steam/Detergent Cleaning** - applied tape will tolerate steam/detergent cleaning.
- ◆ **Environmental Resistance** - anti-slip tape is essentially unaffected by climactic exposure and mild acid or alkali exposure under normal conditions.
- ◆ **Shelf Life** - shelf life is two years minimum.
- ◆ **Resistance** - motor oil, detergent, hydraulic oil, UV resistance
- ◆ **Peel Adhesive** - MIL-D-17951E(SH): Adhesive Strength 0.75 lbs. (Minimum) MIL-W-5044C: Adhesion lb./in. Width Type IV - 3 lbs (Minimum)

- ◆ Anti-Slip from any direction, wet or dry, cuts risk of slips or falls.
- ◆ Textures available for barefoot and mop friendly applications.
- ◆ Quick and easy to apply. Installs in seconds on any dry, clean, smooth surface. Just remove the protection liner from the underside to expose the special pressure-sensitive adhesive, then apply in the proper position and roll or press in place.
- ◆ Economical
- ◆ Resistant to Solvents
- ◆ Durable
- ◆ Each piece has a heavy coating of pressure-sensitive adhesive especially formulated for a superior bond to practically any clean, dry, smooth surface.
- ◆ Indoor and Outdoor applications and Quality Construction

COMPARISON OF VARIOUS SURFACES:

STATIC COEFFICIENT OF FRICTION

Anti-Slip Tape Surfaces	Dry Surface Test Results	Wet Surface Test Results
Flat Black Coarse	1.33	1.21
Sparkle Black	1.24	1.06
Blue Medium	1.29	1.09
Flat Black Fine	1.37	1.17
Ocean Grey	1.30	1.02

APPLICATION

Meets or Exceeds Specifications for: Mil-D-17951E (ships) ; Motor Vehicle Safety Standard No. 302 ; Walkway Matting, Non-Slip Mil-W-5044C, Type IV, ADA, ASTM and OSHA

Anywhere You Need an Anti-Slip Surface

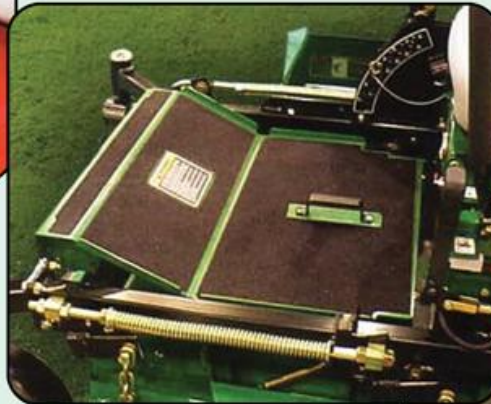

Workplace

- ◆ around work benches ◆ laundries
- ◆ machinery work stations ◆ kitchens
- ◆ platforms ◆ scaffolds ◆ cherry pickers
- ◆ boiler and furnace areas ◆ etc.

Product

- ◆ recreational vehicles
(campers, motor homes, trailers)
- ◆ exercise equipment
- ◆ lawn and garden equipment
- ◆ lift trucks ◆ ladders ◆ trucks ◆ construction equipment
- ◆ farm tractors and equipment ◆ playground equipment
- ◆ skateboards ◆ skis ◆ spas ◆ utility vehicles
- ◆ boats ◆ aircraft ◆ baggage handling equipment
- ◆ snowmobiles ◆ golf carts
- ◆ bumpers ◆ running boards ◆ etc.

Walkways

- ◆ stairs ◆ entrances ◆ ramps ◆ docks ◆ pool areas
- ◆ porches ◆ decks ◆ balconies ◆ ski-lift access areas
- ◆ catwalks ◆ patios ◆ galleys ◆ etc.
