

Financial Trust Asset Management

is proud to announce having won the "Top Gun" Award from Informa Investment Solutions 120 times for its proprietary investment strategies. The "Top Gun" Award is given to the top 10 managers in Informa's National Database based on gross return in various investment categories for specific time periods.

Financial Trust Asset Management is a SEC Registered Investment Advisor

Disclosure

Past Performance is no guarantee of future results.

Criteria: The Infoma Investment Solutions separate account universe was created using information collected through the PSN investment manager questionnaire and uses only gross of fee returns. Mutual Fund and commingled fund products are not included in the universe. The top ten performers for the 1 quarter period become 1 STAR TOP GUNS. The top ten performers for the 1 year period become 2 STAR TOP GUNS. The top ten performers for the 3 year period become 3 STAR TOP GUNS. The top ten performers for the 3 year period with R squared>.80 become 4 STAR TOP GUNS. **Additional information available upon request.**

5 STAR CATEGORY: Products must have an R-Squared of 0.80 or greater relative to the style benchmark for the recent five year period. Products must have returns greater than the style benchmark for the three latest three-year rolling periods. After that PSN selects only the products which standard deviation for the five year period is equal or less than the median standard deviation for the peer group.

PSN Bull & Bear Masters

PSN ranks the Equity Mangers who performed better than most over the last three years - outperforming their benchmark in good times and bad. Using capture ratio analysis, PSN identifies the top ten managers in each investment category who outperformed their peers in both positive and negative quarters.
