**KANSAS CITY, September 6, 2013** — Siege Sports announced today that it has produced the varsity football uniforms that the Raymore-Peculiar High School and Liberty High School teams will wear in tonight's varsity football game. Ray-Pec plays Liberty at 7pm at Ray-Pec High School, 20801 South School Road, Peculiar, MO 64078. The uniforms include jerseys and pants, and involve a design that is printed over the entire surface of the fabric using a sublimation process. Siege Sports operates a retail location in Independence, Missouri, and manufactures most of its sports apparel in Grandview, Missouri.

"The uniforms are the best I have ever seen at any level," said Liberty head football coach Chad Frigon. "Our players feel as if they are in a Division I program. From the jerseys, to the pants to the compression...they are awesome."

"Again, Siege exceeded our expectations this year," said Ray-Pec head football coach Tom Kruse. "The kids were excited to see what Siege would come up with this year, and, what better game to break them out for than against Liberty. This is turning into an annual event."

"Our process and in house design team allows us to create a custom look for a team using their mascot imagery or school theme," said Siege Sports president Chris Barnes. "It is our goal to give our customers the look, feel, and performance of the pros. We believe your uniforms and athletic apparel should reflect your personal style, from the design to the details."
