In partnership with:

AGENDA TOPICS ON THE DAY

Hear from BigHand professionals on how digitising and transforming your clinical correspondence process can not only deliver productivity gains and improve patient outcomes, it can help trusts manage the transition towards new models of electronic healthcare

See BigHand latest dictation Mobility Suite with the BlackBerry 10 and Windows Phone 8 amongst others

Guest speakers from BigHand clients, PCTI and many more...

Learn about BigHand's best known secrets - What you didn't realise BigHand can actually do for your organisation

See how you can dictate on the move with BigHand's latest dictation and document approval app on the iPad

See the release of BigHand's latest product iteration... 4.5

Speak with the industry's leading hardware providers Olympus and Philips

Network with peers to share insight and ideas

Your chance to experiment with both Nuance and M*Modal's speech recognition technologies first hand

With 60 healthcare organisations and over 30,000 users currently involved with BigHand, this is a great opportunity to network with your fellow peers in the healthcare industry.
