

Best Complete Currency Trader Bonus Announced For James Edwards Forex Program

James Edwards of Complete Currency Trader is reopening his Forex trading program. <http://completecurrencytraderreview101.com> has just announced their Complete Currency Trader bonuses for those that buy it.

Complete Currency Trader by James Edwards is relaunching his top selling Forex trading program for a short period. To reward those customers who invest in the program through their website, Stan Martin of CompleteCurrencyTraderReview101.com has decided to offer a Complete Currency Trader Bonus package.

Martin states, "As one can see from the Complete Currency Trader review we have put together on CompleteCurrencyTraderReview101.com, one will see that we think this is one of the most complete Forex trading courses to hit the market but with every program it can be better. This is why we have decided to offer a few bonuses - to fill in the gaps."

The Complete Currency Trader bonuses that Martin have put together are valued at \$996 USD and can only be claimed if one buys the Complete Currency Trader (CCT) from his website.

"To help traders with the parts that are missing from the program, as our first bonus we are offering another program, Forex Profit Boss which sales for \$497. The program teaches some things about Forex that CCT leaves out thus, with the combination of the two, you have a trading powerhouse."

"The second bonus that we are offering is a brand new iPad 4 which sells for \$499. As a trader, I am always using my iPad when I travel around and doing research on trades, plus, its just fun to have! With the extra time and dinero you will have after going through the programs and profiting, you'll want to have some recreational things to do. This is perfect for that," Martin finishes.

Martin states he is only able to offer these bonuses for the first 10 people who buy the program through his links on his website.

To get all the details about the bonuses and how to get access to the programs and iPad one should go to : <http://completecurrencytraderreview101.com/complete-currency-trader-bonus>
