

Prostock™  
turnkey translucent

### Do-It-Yourself Translucent Glazing Systems

Duo-Gard's new Prostock program for high-performance polycarbonate glazing and canopy systems gives contractors the advantage of products plus engineering and technical services specifically designed for this material. Contractors can choose extrusions and sheet, then select from Duo-Gard's comprehensive support services including design, engineering, shop drawings, how-to guides, installation instructions, stamped drawings and testing. The new product-plus-support program enables contractors to expand their market base with flexibility and cost effectiveness from a leader in sustainable daylighting.

### FEATURES & BENEFITS

- Expand your product line with high-performance polycarbonate
