AcuChoice Terms & Conditions:

All material constructions ship from the specified distribution center under the following program ordering requirements:

 Item listings represent our SmartSlit® items that are available in pre-slit widths and lengths or a minimum order of master width x 2,500 LF.

 Item listings are "No Trim" with a 3" x 5,000' minimum order quantity in the available master widths specified.

MW: Minimum order quantity for products that include this abbreviation are master width x linear length.

Environmental Products manufactured using EarthFirst® White and Clear PLA films must follow the applicable branding guidelines as published by plastic Suppliers, Incorporated. EarthFirst® is certified compostable ASTM-D6400. EarthFirst® PLA film utilizes Ingeo™. Environmental products are available with minimum order of master width x 5,000 LF.

UL Recognized products have been tested and approved by Underwriters Laboratories and are deemed compliant with UL-969 indoor/outdoor requirements. Available in pre-slit widths and lengths or a minimum order of master width x 2,500 LF as part of our SmartSlit® program.

Durable Goods products have been tested under harsh environmental and life-cycle conditions. Available in pre-slit widths and lengths or a minimum order of master width x 2,500 LF as part of our SmartSlit® program.

It is the responsibility of the customer to test and approve all product constructions under actual application conditions prior to ordering.

Any component and/or roll length deviations from above are subject to custom coating guidelines.

Freight costs are set at a flat per msi rate. All orders are subject to Acucote's published Terms & Conditions.

Acucote reserves the right to change, modify, or delete any product or program listing without notification.

Consult your Acucote Sales or Customer Service Representative for additional AcuChoice Program and material component details.

Additional facestock, liner and adhesive combinations are available upon request. Contact your Acucote Sales Representative or our Customer Service Team at 800.288.2683 for more information.
