

## SAGEMCOM RECOGNIZES CCINTEGRATION AS THEIR TOP ISV PARTNER OF THE YEAR

### **SAGEMCOM HAS SELECTED CCINTEGRATION (CCI) AS THEIR PARTNER OF THE YEAR IN 2012**

MONTREAL, Quebec (September 30<sup>th</sup>, 2013) — Sagemcom, a global leader in advanced fax server solutions for IP networks, is proud to announce that CCI is the winner of their Partner of the Year Award, in the Independent Software Vendor (ISV) category. This award recognizes partners and resellers that have demonstrated expertise in the XMediusFAX™ software and commitment to Sagemcom. As a winner of this award, CCI will receive an engraved trophy to promote this achievement and special recognition on the homepage of their website.

Strong partnerships are based on common business goals, close collaboration and the people that hold these values to be true. CCI has proven to be a true partner on all levels by helping Sagemcom impact the Fax-over-IP (FoIP) community. Sagemcom's XMediusFAX™ solutions are smoothly integrated by CCI, as part of their customers' Electronic Health Record (EHR) systems, allowing users to securely fax health records, reports and prescriptions through the Varian Medical Systems solution suite.

Sagemcom knows the needs of secure faxing in the healthcare industry and partnering with CCI was a natural choice. Their expertise in the implementation of EHR technology through Varian medical Systems and Sagemcom's expertise in secure document management made this a perfect partnership. It is a priority for Sagemcom to support the partners and help them grow their businesses, generate new opportunities, reach new customers, increase profitability and maintain competitive edge within the industry.

"For the first time, we want to recognize and celebrate the achievements of the top Sagemcom partners", said Jean Champagne, General Manager of Sagemcom Canada. CCI is an excellent partner for Sagemcom and it's with great pleasure we recognize their efforts through this award."

## **About Sagemcom**

French high-technology group with an international dimension, Sagemcom operates on markets of broadband (digital home, digital set-top box, broadband and residential terminals), telecom and energy (telecommunications infrastructure, smartgrid and metering), and management of documents (printing terminals, software and solutions, digital production workflow). With a turnover of about 1.3 billion Euros, Sagemcom employs 4 600 people on five continents; already a European leader in most of its key markets, Sagemcom aims to become a world leader in high added value communicating terminals. Sagemcom is strongly committed to sustainable development through the life cycle of its products: eco-design, energy consumption, ethical code of all its suppliers.
