

**Virtual Lingos &  
Advint International is  
Dedicated to Building Schools  
August 22, 2013**

Virtual Lingos & Advint International is dedicated to service and we hope this shows from the way we interact with our customers, to the way we treat our employees and even with how we use our blessings.

Our vision at VL is to add value to people at an affordable rate. We want to do this with each student learning a language with us and we want to do it for the children of Nicaragua. This is why Virtual Lingos has decided to partner with Mision Para Cristo in Northern Nicaragua by donating the funds to fully build a school for every 150 people taking Spanish classes.

You heard us right; For every 150 students taking Spanish Lessons with Virtual Lingos we are going to fully fund a school to be build for kids.

So sign up today and add value to yourself while adding value to a group of children in Latin America.

**Average Grade Level  
5<sup>th</sup>**

Due to the lack of schools, need of families and accessibility the average child in Nicaragua doesn't make it past the 5<sup>th</sup> grade. Virtual Lingos is dedicated to a better future for the kids of Nicaragua.
