Think Nike brand sizing.

Bamboo for Him

The Original Bamboo T-Shirt

\$23

We are convinced our men's organic bamboo viscose/organic cotton blend t-shirts are the most comfortable and softest shirts on this planet. Once you wear one of our bamboo T-shirts you will never want to wear another fabric.

Our T-shirts have much better moisture absorption and wicking properties than cotton shirts and are known for their breathability. In fact, tests show shirts made from bamboo stay 1-2 degrees cooler than an equivalent cotton shirt.

Our Bamboo T-shirts will truly impress if you have only experienced cotton, nylon or other "special" blends, which often encourage odor and harbor bacteria. Beautiful to the eye, there is nothing that can adequately describe how wonderful bamboo T-shirts are to the touch. Other brands are made from thinner, inferior fabric that are prone to excessive shrinkage, holes and other defect.

Spun Bamboo® brand t-shirts are the original and still the best bamboo shirts available. Garment Dyed for beautiful colors, softness and little shrinkage. True American sizing. 70% Viscose from Certified Organic Bamboo Fiber and 30% Certified Organic Cotton.
