Denver Marriott Tech Center Designs Deal for Business Travelers

Denver hotel package includes complimentary high-speed Internet, breakfast buffet, phone calls

Denver, CO – Accomplishing tasks while traveling for business can be difficult, but the [Denver Marriott Tech Center](#) hotel seeks to change that with a package designed to maximize productivity and comfort.

The [Business Boost Package](#) includes deluxe accommodations from \$199 per night plus complimentary wired high-speed Internet, local and domestic calls and full daily breakfast buffet.

This Denver hotel package aims to meet the needs of professionals with well-appointed amenities while providing maximum comfort with one king or two double beds topped with down comforters, custom duvets, cotton-rich linens and plenty of fluffy pillows.

After a full day of work, guests of the Denver Tech Center hotel will enjoy unwinding in rooms designed with relaxation in mind. With spacious and amenity-rich bathrooms, upscale décor, conveniences such as in-room iron and ironing

board, coffeemaker, 37-inch flat-screen TV, wide desks with ergonomic chairs, guests can relish their downtime with ease and comfort.

The Denver Tech Center is the fourth largest meeting space venue in Denver with 25 rooms and 45,000 square feet of flexible space, making it a top destination for company conferences and retreats. The Rocky Mountain Event Center, the largest onsite room, contains high-definition projectors and high-end audio equipment to facilitate meetings and presentations.

Unlike other Greenwood Village, CO, hotels, the Denver Marriott Tech Center offers a complimentary shuttle that can transport guests within a 5-mile radius, eliminating the need to spend money on taxis when searching for something to do off site. Visitors can take the shuttle and do some holiday shopping at Park Meadows Shopping Mall or Village Shops at The Landmark. Other entertainment options include going to Comedy Works, Landmark Theatre, Dave and Buster's, Family Sports Center Ice Rink and Pirates Cove Family Fun Aquatic Center.

In addition to the breakfast buffet that includes hash browns, bacon, sausage, cereal, french toast, pancakes and eggs, hotel guests can stay onsite for lunch and dinner at [The Lift Restaurant & Lounge](#) or the Front Range Trading Post. The Lift Restaurant & Lounge is a casual, American eatery with a Western ambiance. Menu favorites include crispy shrimp tacos, chicken quesadillas, hummus, the bison burger, Colorado chopped salad, pan-roasted pork chops, beef tenderloin filet and pan-

seared Rocky Mountain trout. The Front Range Trading Post is a deli serving casual fare, and includes a Starbucks counter for travelers to get their caffeine fix.

Business professionals wishing to book the Business Boost Package should use promotional code BP6 when making their reservations online or over the phone at 1-800-228-9290. The deal is available seven days a week through Dec. 31, 2013.
