

Mehow's 10 Second Attraction 2.0, a PUA program that claims it allows men to attract women in 10 seconds or less has caught the attention of GentlemensUniversity.com's Stan Stevenson, prompting an investigative review.

"The scope of Mehow's 10 Second Attraction and just how much it covers is surprising. It recognizes that women aren't all alike and that an approach that had a lot of success with one woman might not work out that well with another," reports Stevenson. "One thing you'll appreciate about 10 Second Attraction is that Mehow also demonstrates his methodology in front of the camera. You will find a number of live and unrehearsed demonstrations for guys to visualize how these techniques can be used. The course is so easy to comprehend that it would be easy for a beginner to pick up the concepts."

In addition to the downloadable manual, Mehow's 10 Second Attraction also includes an invitation to the Kickstart webinar along with 11 bonus eBooks and audio books. The selection of topics covered by the bonuses is quite varied. Men can learn how to get that perfect girl, how to get out of the friend zone with someone they really like, or even how to get their ex back; those are just a few of the topics covered.

"Men who have had a lot of experience dating will tell you that you can tell if a woman is attracted to you within the first 10 seconds or less. 10 Second Attraction teaches you the fundamentals of how to do just that with any woman. It doesn't just focus on the crucial first few seconds of attraction, but on how to seal the deal as well," says Stevenson. "You learn how to make it feel like it was destiny that brought the two of you together, how to make her think sex was her idea, and the one simple thing that can take the both of you into the bedroom."

"Rather than teaching men how to fake it, Mehow's 10 Second Attraction teaches them how to be naturally charming. The scope of all the courses combined is easily one of the things that impresses me about it. What this program does is put everything together in a way that makes sense. What's great is that regardless of your skill or experience level when it comes to dating, Mehow's 10 Second Attraction has something to offer you. If you find yourself in a certain situation, such as being in the friend zone or wanting to get back with your ex, this PUA program has something for that too."
