Adoption of Technologies

- 1994 - Vulcanizing presses
- 1995 - P21 Acclaim
- 1998 - Transfer molding presses
- 2000 - 3M tape lamination
- 2001 - Water-jet machine
- 2002/2004 - Film splice machines
- 2006 - Paint booth / ERP Software
- 2010 - Injection molding press
- 2011 - Launched Microsoft NAV ERP System
- 2012 - SolidWorks Seal Simulation

Manufacturing Capabilities

Elasto Proxy produces a wide variety of high quality custom components in all shapes, sizes, quantities and colors.

Custom Fabrication

Water-jet Cutting

- No tooling costs
- Cuts wide variety of materials

Film Splice Welding

- Hi quality of spliced joints
- No metal inserts required

Injection Molding

- Gaskets with radius corners
- Flexible and strong corners

Heat Lamination 3M Foam

- Can apply foam & PSA Tapes
- 3M Tapes in many widths

Certificates

- **ISO 9001: 2008**
 - Scope: distributor and manufacturer of rubber products
 - ISO Certified Since 2001

- **Controlled Goods Certificate (CGP)**
 - Since 2002
 - Valid through 2015/12/29

Aerospace Applications

Elasto Proxy's custom-fabrication capabilities include plastic and rubber components. Our experience with mission-critical applications includes military vehicles, mass transit, and medical equipment. Examples include:

- Hatch seals
- Door and window seals
- Interior sealing
- Thermal insulation
- Acoustical insulation

Strong Business Relationships

We are always very satisfied with Elasto Proxy's customer service and quick responses to our inquiries. Their quality is next to none, they offer terrific pricing, and their first-rate team is knowledgeable and works well with our design and engineering staff. All of these factors will ensure that we continue to go to Elasto Proxy for our sealing needs.

- Marke Cabral, Purchaser at MetalCraft Marine

Over the years, Elasto Proxy has distinguished themselves as a top supplier. Their team contributed to the development of solutions for our challenges many times and their expertise was very much appreciated.

- Jean-Marc Ferri, Sourcing Manager at Alto Design Inc.
