

Road Warrior Solutions Brief

Solutions Brief
[Intel® Developer Zone](#)

Enabled by Ultrabook™ Devices

Racing in the multiplayer game Road Warrior on Ultrabook™ devices is a brutally fun experience. Set in a post-apocalyptic world, the driver's challenge is to win a race filled with daredevil stunts, explosions and rival cars equipped with arsenals of weapons.

As a finalist of the 2012 Unity Awards, Road Warrior combines the best in racing and combat gaming with intense action, amazing graphics, fearless enemies, addictive gameplay and a thrilling story. It features online multiplayer features so players can race with their friends in real time and share their scores. Plus, it features numerous levels and customizable cars.

Set in a post-apocalyptic world where only those who modify cars with weapons will survive, Road Warrior is a side-scrolling racing game that is action-packed and challenging. Each level offers exciting new challenges, stunts and the possibility of upgrades. Accumulate victories to get the chance to race against bosses and win their cars.

When developing Road Warrior, Mobjoy took advantage of its status as an Intel® Software Partner in the Intel® Developer Zone to optimize Road Warrior for Ultrabook devices. The combination of touch and keyboard capabilities, Intel® Core processors and high resolution screen provide a compelling, visually stunning and interactive platform that makes Road Warrior racing an exhilarating experience.

Road Warrior has numerous features designed to keep players entertained and engaged, including:

- Stunt mechanics: Earn cash and turbo boosts by performing aerial stunts.
- Weapons: Gain five deadly weapons for each car.
- Multi-paths levels: Featuring nine levels with multiple paths specifically designed to favor certain cars.
- Vehicles: 11 unique customizable cars are available, from sedans to massive trucks.
- Friends-Only and Global Leaderboards: Have bragging rights over your friends. Highscores are registered and compared to a friend-specific leaderboard at the end of any level.
- State-of-the-art AI: It may be easy to learn, but Road Warrior is difficult to master!

Road Warrior has more than 15 million players online and Mobjoy reveals the drivers with the leading points in its posted leaderboards. Plus, the game is updated frequently to add new challenges, including new bosses to defeat and maps. With highly entertaining gameplay, a community of other racers and new challenges, Road Warrior offers hours of fun on Ultrabook devices.

Road Warrior Powered by Ultrabook™ Devices

New Ultrabook devices provide an interactive, visually stunning platform to play the action-packed game Road Warrior. The interactive touch and keyboard capabilities, visually-rich display and Intel® Core™ processors all combine to create one of the most exciting racing video games available now.
