- Remote activity history monitoring and settings changes via mysonamba web portal and iPhone app

Stay Connected Everyday, Not Just in Emergencies.

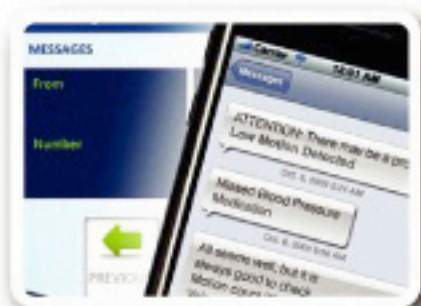

No other product for Seniors and Caregivers available today offers as many features and benefits. At such an affordable price!

Sonamba includes one panic button. Additional panic buttons and room activity sensors sold separately.

An easy-to-use, reliable device designed to empower Seniors and Caregivers to live life on their own terms.

Features & Benefits

Sonamba monitors motion and sound activity, sending out periodic "All is well" or "Attention needed" alerts to Caregivers' and Support Circle members' cellphones.

If the panic button is pressed, **Sonamba** will call up to three emergency contacts; meanwhile, all caregivers will be notified via text messages.

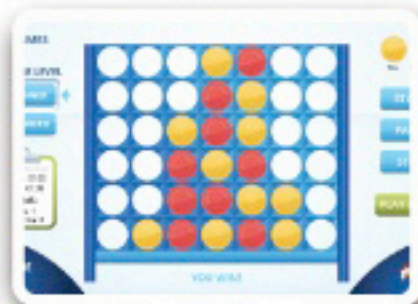

Sonamba allows Seniors to communicate (via built-in text messaging function) with their Caregivers and Support Circle's cellphones – creating a private social network.

Sonamba reminds Seniors of their appointment and medication routines.

Sonamba is also designed to be an attractive digital photo frame when it is not being actively used. Caregivers can add photos remotely.

Sonamba has a built-in "4 in a Row" game designed to exercise Senior's cognitive skills. More games can be added.

Sonamba has an iPhone app, enabling caregivers with the ability to remotely edit/change medication and calendar reminders, even take new photos from their iPhone and send them to their loved one's Sonamba.

mysonamba.com is a web portal that enables caregivers to remotely edit/change medication and calendar reminders, change 'Home' or 'Away' status, even update photos to their loved one's Sonamba. Caregivers can stay updated with their loved one's wellbeing with the Activity History feature.

Visit sonamba.com today and improve the quality of your life and those you love most.

Keeps loved ones so close, its like being

home again.
