Victory Medical Center Mid-Cities Marks First Anniversary *Medical Center Celebrates Anniversary With Donation to Wounded Warriors*

Hurst, TX - Victory Medical Center Mid-Cities celebrated its first anniversary on October 16, 2013 with a community ribbon cutting and the announcement of support for the Wounded Heroes of Texas as part of Victory Healthcare's newly launched initiative to support military service men and women wounded in the global war on terror since September 11, 2001.

"We are excited to be celebrating a full year of world-class care for our patients in the Mid-Cities area, and proud to support the ongoing rehabilitation and recovery of local wounded warriors through the Wounded Heroes of Texas program," says Barbra Milwood, CEO of Victory Medical Center Mid-Cities.

Wounded Heroes of Texas raises public awareness and enlists the public's aid for the needs of injured service members and provides unique, direct programs and services to meet their needs. The Wounded Heroes of Texas has partnered with the Lake Worth Sailing Club to provide sailing lessons for these heroes and Victory Medical Center Mid-Cities recently sponsored a lunch for the wounded warriors on Oct. 12, 2013.

Also in celebration of the one-year anniversary, Victory Medical Center Mid-Cities held a ribbon-cutting event with participation from community leaders.

Victory Medical Center Mid-Cities was acquired last November and was updated to reflect the standard of other first-class Victory locations. Victory Medical Center Mid-Cities is approximately 60,000 square feet and includes six operating rooms and 16 private inpatient suites.

As in other Victory Healthcare facilities, patients at Victory Medical Center Mid-Cities enjoy personalized care and attention, including one-on-one nursing, in private patient suites, all of which offer Wi-Fi Internet connectivity, cable television, and oversized floor plans to comfortably accommodate family and friends.

About Victory Healthcare

Based in The Woodlands, Texas, privately owned Victory Healthcare is creating the standard in surgical care through its growing network of specialized surgical hospitals,

training and education centers, and the only privately held tissue bank in the state of Texas. Our surgeons are the most highly trained and respected physicians in their fields, committed to providing revolutionary technology and minimally invasive treatment techniques. We create a first class experience for our patients in our state-of-the-art facilities that include concierge services, a one-to-one nurse to patient ratio, and personalized service in an environment designed to promote comfort and healing. Victory Healthcare partners with physicians to create an exceptional surgical experience for our patients, their families, and our surgeons. Learn more about the Victory Difference – a dedication to healing through education, technology and first-class care - at victory-healthcare.com or follow us on [Facebook](#).
