Top Gun Toolkit offers a plethora of information that is delivered through 5 modules of video training in the form of 8 DVDs, The 146 page action book, Instant Customer Reinvention that includes a further 6 DVDs and an 82 page training manual, Ready to use forms and documents, 5 virtual mentoring events: with Paul Colligan and Ed Rush, and Access to the Instant Customer Reinvention Website where users can find digital versions of everything in the program, two new Marketing Machines, resources, access to the Instant Customer Community, and much more. "Fun and easy to follow, Top Gun Toolkit is an accessible self-employment opportunity for literally anyone on the planet. "Within the training, you get plenty of real life experience stories from people who are doing the job right here, right now, in 2013."

"If you want to increase your income and become financially independent, then Top Gun Tool Kit will literally guide you along every step of the process. What's so great about it is that it's just as suitable for the rank beginner as it is for those who've already got a host of experience. We think the Top Gun Tool Kit is a pretty damn good product. It gives you everything you need to get a real head start on the competition."
