

FOR IMMEDIATE RELEASE

Telzio Rolls Out Small Business VoIP Phone Plans Starting at \$1/Month

Telzio adds monthly phone plans for small business VoIP services from \$1 for a U.S. local number up to \$34.99 for a toll free number that includes 2,000 free minutes.

Los Angeles, California, USA – October 28, 2013 – Telzio has rolled out affordable phone plans to give more small businesses access to VoIP phone systems. Users can choose from three plan options – Startup, Standard, and Pro. All plans come with complete professional features including IVR menus, call forwarding, unlimited SIP users, conference calls, opening hour filters, hold music, call screening, caller ID, call recording, call logging, voicemail, and phone integration with Google Analytics.

For local U.S. phone numbers, the Startup Plan is \$1/month and includes all features. The Standard Plan is \$9.99/month and includes all features plus 500 free minutes. The Pro Plan is \$29.99/month and includes all features plus 2,000 free minutes.

For U.S. toll free numbers, the Startup Plan is \$5/month and includes all features. The Standard Plan is \$12.99/month and includes all features plus 500 free minutes. The Pro Plan is \$34.99/month and includes all features plus 2,000 free minutes.

About Telzio

Telzio provides small business phone systems including local and toll free numbers with complete professional features that any non-technical user can set up in less than 5 minutes. Developed in early 2013 by Danish programmer Peter Schroeder, Telzio is the next generation VoIP phone system for small businesses. With Telzio, any small business can set up a professional phone system without the need for technical skills or a big budget.
