E P I C PROFIT PLAN

THE EPIC PROFIT PLAN FEATURES **8 WAYS** TO EARN INCOME:

1 RETAIL PROFIT

Build a solid foundation for your business through Retail Profit. As an Epic Marketing Partner, you have the ability to earn income when you buy the Epic products at wholesale cost and sell them at retail prices, earning you a Retail Profit. You may also have web customers who will want to make a purchase through your Epic website. Web customers making a one-time order through a Marketing Partner's website will receive a 10% discount on their order. The Epic Marketing Partner will earn the difference between wholesale and retail, minus the 10% discount that the web customer received on their order.

2 PREFERRED CUSTOMER PROGRAM

Epic is truly committed to our Marketing Partners. We know that you have friends and family who will want to benefit from using Epic products. In addition to web and retail sales, you can utilize the Preferred Customer Program. A Preferred Customer is someone who has set up a standing monthly order in our Auto-Order Program. These Preferred Customers will receive wholesale pricing on their monthly Auto-Orders. As an Epic Marketing Partner, you will receive the Personal Epic Volume (PEV) volume from Preferred Customers, and you could also earn free products.

3 ENROLL 3 & YOURS IS FREE

Simply enroll 3 Preferred Customers on Auto-Order & Yours Is Free!

The Enroll 3 & Yours Is Free incentive is available to Preferred Customers and Marketing Partners as a way to quickly grow your Preferred Customer base. To qualify, you must maintain a minimum of 3 Preferred Customers on Auto-Order and have a personal active Auto-Order in place. Every time you enroll another Preferred Customer, you will receive credit redeemable toward your next month's Auto-Order. To determine your monthly product credit, Epic will simply calculate the average of your 3 highest Auto-Order customers. This amount will be applied toward your next month's Auto-Order. You can earn a free order of up to \$300. Shipping and handling, tax, and other fees are not included.

4 FIRST ORDER BONUS

As you share the Epic story and invite those around you to enjoy the Epic experience, the First Order Bonus gives you another way to be rewarded for your hard work and effort. By building your business and personally-enrolling new Marketing Partners, you can participate in the First Order Bonus. This bonus is paid weekly to the enroller of the new Marketing Partner.

6 TEAM CYCLE COMMISSION

Your Team Cycle Commission begins when you achieve the rank of Connector, accumulate 100 Personal Epic Volume (PEV) points during the current 28-day (4-week) period, and personally-enroll 2 Marketing Partners – one on the right, and one on the left. They, in turn, must also accumulate 100 PEV in that 28-day (4-week) period. Team volume is created as Epic products are purchased or sold by those in your team. When 300 Epic Volume (EV) points have been accumulated on one side of your Binary (either the right side or the left side) and 600 EV points on the opposite side, you will earn a Team Cycle Commission of \$25 to \$40 per cycle based on promotional packs and/or rank achieved. Besides purchasing the respective packages below, you can get paid \$30 per cycle by achieving the rank of Champion, \$35 per cycle by achieving Mentor, \$40 per cycle by achieving Ambassador. This element of the Epic Profit Plan allows you to earn up to 750 cycles per week and gives you the possibility of a **maximum of \$30,000 in weekly income!**

7 EPIC MATCHING BONUS

Beginning at the rank of Mentor, you can earn Epic Matching Bonus on the Team Cycle Commissions earned by your Personally-Enrolled Team, up to six generations in depth (see graph to the right). Each Marketing Partner you personally-enroll creates a new line of sponsorship that you can earn Epic Matching Bonuses on. Each qualifying Ambassador in your Personal-Enrollment Group begins a new Epic Matching Bonus generation. Meaning, the system looks through your Personal-Enrollment Group, and when it identifies a qualified Ambassador, it starts a new generation. The higher rank you achieve, the more generations you get paid in the Epic Matching Bonus. To be eligible to participate in this bonus, you must be paid at the rank of Mentor or higher and also generate a personal minimum of 100 PEV points each 28-day (4-week) period.

8 LEGEND BONUS POOL

To qualify for the Legend Bonus Pool, you must achieve the rank of Legend or Humanitarian. After doing so, you can qualify for the Legend Bonus Pool and earn shares in Epic's total global volume. Epic will distribute 3% of total EV to those who qualify to earn this bonus. Shares are accumulated in 7 ways:

Ways to Earn	Shares Earned
Achieve Rank of Legend	1
Additional Month Qualified As Legend During Quarter	1
Personally Sponsor a New Legend	1
1,000 Cycles During Quarter	1
Achieve Rank of Humanitarian	2
Additional Month Qualified As Humanitarian During Quarter	2
Personally Sponsor a New Humanitarian	2

The Legend Bonus Pool is calculated each quarter. Bonuses are paid out based on the total number of shares you have earned in the bonus period.

EARNING COMMISSION

Epic has made earning commission simple. When you reach the level of Marketing Partner, by generating 100 EV points in one month, commissions are available to you. (Make sure to qualify during the first year, which ends on your renewal date.) You can generate this volume in the following ways:

- 1. Purchase Epic products for personal use or resale**
- 2. Purchases made through your website by Retail Customers or Preferred Customers**

You can begin earning Retail Profits, Enroll 3 and Yours is Free, and the First Order Leadership Bonus immediately upon the purchase of the mandatory Introductory Kit. No product purchase is ever required to start earning these commissions. However, in order to fully take advantage of the Epic Profit Plan, you must be both Active and Qualified to earn Team Cycle Commissions, Epic Matching Bonuses, and shares of the Legend Pool.

The payout figures depicted in this document are intended to explain the components and operation of the Epic Profit Plan. They are not intended to be representative of the income, if any, that a Epic Marketing Partner can or will earn through his or her participation in the Epic opportunity. These figures should not be considered as guarantees or projections of your actual earnings or profits. Any representation or guarantee of earnings, whether made by Epic or another Marketing Partner, would be misleading. Success with Epic results only from successful sales efforts, which require hard work, diligence, and leadership. Your success will depend upon how effectively you exercise these qualities. The maximum payout in the Epic Profit Plan is capped at 50% of total company-wide EV. If, in any week, the total payout of commissions and bonuses exceeds 50% of total company-wide EV, the actual payout will be 50%, and all Marketing Partner commissions will be calculated on a pro-rata basis.
