WEBITE SOLUTIONS COMPANY ANNOUNCES WEBSITE FOR HEALTH EQUITY
RESEARCH AT TEXAS A&M UNIVERSITY

Transdisciplinary Center for Health Equity Research serves Bryan, College Station and the surrounding Brazos Valley. They recently gained a web resource that was created by the associates of AgniTEK.

College Station, TX, November 12, 2013— AgniTEK, a nationally-recognized company for their expertise in helping organizations leverage technology to improve businesses, is pleased to announce the launch of a website for Transdisciplinary Center for Health Equity Research at <http://www.tamuhealthequity.org>. The new website was designed and created by AgniTEK associates and is live on the web.

Transdisciplinary Center for Health Equity Research at Texas A&M University is dedicated to stimulate research, education, intervention development and testing, dissemination, and evaluation in a coordinated effort in partnership with affected communities for the reduction and elimination of health disparities. Health equity is what they strive for, and they accomplish that with research, education, and outreach. To learn more about TCHER, visit their website today.

The Transdisciplinary Center for Health Equity Research website is equipped with a description page that describes what they actually do, as well as the different people that work for them; including students, faculty, and board members. There is also a page dedicated to describing what their research is and how they plan to attain their goals. TCHER is unique because as of today, they are the only center of this type housed in a college of education. This website and all of its features were made possible by the associates of AgniTEK.

AgniTEK is a full service website and software solutions company serving Texas companies for over 15 years. They deliver reliability, consistency, simplicity and value in website services and software application development work. AgniTEK has been named a five-time Newman 10 Award winner and three-time Aggie 100 Award winner.
