

## **Mend Your Marriage: Review Of Dean Cortez & Samantha Sanderson's Relationship Program Released**

*ConquerHisHeart.com releases an inside look into "Mend Your Marriage" a newly launched training system promising readers a new approach for saving their marriages.*

Mend Your Marriage, which claims that a few simple techniques can save your marriage and return things to the idyllic "honeymoon stage" has caught the attention of ConquerHisHeart.com's Sean Roman, prompting an investigative review.

"Mend Your Marriage is a very unique system, because rather than just being one persons opinion the course utilizes the knowledge of a team of professional relationship experts and marriage counselors," states Roman. "These experts have come together in an attempt to provide a simple, step-by-step road-map for healing the problems in your marriage and making your spouse adore you, respect you, and love you in way that 'turns back time', thus allowing readers to return to the honeymoon period all over again."

Mend Your Marriage is a fully digital program allowing customers instant access to all training materials including the Mend Your Marriage Complete Manual, an audiobook version of the program, and bonuses including "Secrets To An Amazing Marriage" and an exclusive interview with relationship expert Amy Waterman where Amy exposes what you need to do in situations where infidelity might be involved.

"My Mend Your Marriage review found that the system includes a lot of concrete methods for reconnecting with your spouse, and adjusting your way of thinking about things to ensure a happy marriage going forwards," says Roman. "Most marriages hit a few rough spots, but with these strategies on your side reclaiming your marriage, and returning to happy times just got a lot easier."

When asked to explain how the Mend Your Marriage system works in his own words, Dean Cortez, co-creator of the Mend Your Marriage system had this to say:

"The Mend Your Marriage system is designed to give men and women a simple, practical way to reconnect with each other and rediscover the love, passion and romance," says Cortez. "No matter how difficult the problems in your marriage might be right now, our team of experts has the solutions. Divorce is not the answer; these relationship and communication-building methods have been proven to work with thousands of couples around the world."
