

## iPatientCare, Inc has achieved 2014 Edition Complete Ambulatory EHR Certification

iPatientCare, Inc has achieved **2014 Edition Complete Ambulatory EHR Certification** from the ICSA Labs ONC Health IT Certification Program, which designates that the software is capable of supporting healthcare providers with Stage 1 and Stage 2 meaningful use measures required to qualify for

funding under the American Recovery and Reinvestment Act (ARRA). **iPatientCare EHR version 2014 (2.0)** was certified on October 31, 2013 by [ICSA Labs](#), an Office of the National Coordinator-Authorized Certification Body (ONC-ACB) and is compliant in accordance with the criteria adopted by the Secretary of Health and Human Services (HHS).

ICSA Labs, an independent division of Verizon, offers vendor-neutral testing and certification. 2014 Edition ONC Health IT Certification is awarded to those technologies that are capable of meeting the more rigorous testing criteria developed to support providers and hospitals with Stage 2 meaningful use, which focuses on the capability of health IT to deliver higher quality patient care and exchange clinical information securely.

Details of the certification can be viewed at: <https://www.icsalabs.com/vendor/ipatientcare-inc>
