## Why Choose PBA?

Ranging from single practitioner to large, well established corporations our physicians turn to us because we understand their needs, and they want what we deliver: quality business advice delivered consistently and in a cost effective manner. At PBA, we abide by the following core principles:

**FOCUS.** Practicing in very specific areas allows us to invest the time and energy necessary to become experts in these targeted areas.

**CONSISTENCY.** Our reputation was and is built upon how effectively we further each client's objectives and safeguard their interests. If we fail one client, we undo the successes obtained with countless others. It is the recognition of this reality that ensures we do our very best with each and every client.

**PASSION.** At PBA our dedicated staff of targeted experts focuses on capturing your medical claims fast and accurately. Whether PBA serves your practice with Medical Billing, Credentialing, Payer Contracts or Meaningful Use our dedication to the profitability of your practice is immeasurable.

## Additional Services offered by PBA

**MEANINGFUL USE.** Just getting started or confused as to where to begin? Federal Funds are still available for your practice. PBA experts work side by side with your staff from start through to attestation. Did you know these federal funds pay for most of your EMR cost?

**CREDENTIALING.** 30 years of expert credentialing experience serving new practices, newly licensed professionals, adding insurance carriers to your portfolio or maintaining CAQH. We can help.

**PRACTICE MANAGEMENT CONSULTING.** Our teams of professionals offer leadership in business office operations, practice operations, facilitate new practice development, practice management systems implementation, EMR implementation, and financial management impacting your medical practice.
