Intel® Developer Zone

Enabled by Ultrabook™ Devices

While sticky notes have been effective and highly visible reminders for years, a new generation of sticky notes has emerged as an innovative new twist on note taking.

abcNotes by ALSEDI Group, featured on Ultrabook™ devices and Windows* 8 tablets with an Intel® Atom™ processor, is a highly customizable and easy to use tool for taking notes and managing To Do lists. It offers the familiarity and realistic feel of traditional sticky notes, but with enhanced digital convenience.

With abcNotes users can curate their aesthetic of choice for digital notes with an attractive selection of 88 attractive backgrounds, 45 varieties of note skins, 27 fun badge designs and 115 icons that can be elegant, simple, and fun.

abcNotes takes advantage of the touch capabilities and visually-rich display in Ultrabook devices to create reminders, take notes and more. There's no need for traditional, boring note lists when you can enhance your organizational note-taking abilities.

abcNotes features:

- Highly customizable, intuitive interface that is fun and engaging
- Beautiful, professionally designed, customizable backgrounds
- Sharing notes is easy by email or synchronizing with Windows 8 devices

Who Can Benefit from abcNotes?

Personal

abcNotes makes managing a busy personal life easier. Users can create reminders and details regarding grocery lists, to-do lists, etc. But they can also create reminders about family events, birthdays, children's sports activities, social gatherings and more.

Students

Students at all grade levels can use abcNotes as a class notebook, to record lectures, track school projects and more. Then they can integrate the notes with other Windows 8 devices.
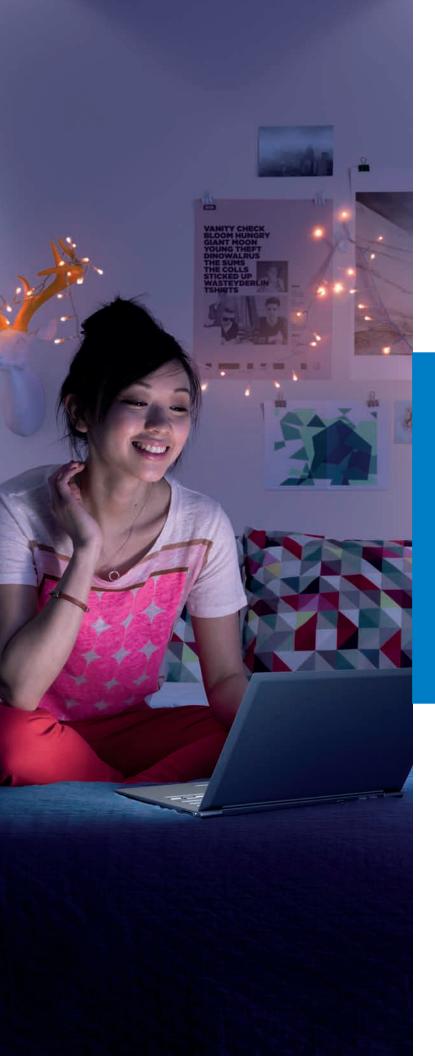

Professionals

Juggling tasks and creating reminders for work-related activities is easier with abcNotes. Color code notes and arrange them by order of prioritize them. Plus, send and share them via email.

abcNotes puts a new twist of traditional notes by taking advantage of the powerful platforms of Ultrabook devices and Windows* 8 tablets with an Intel® Atom™ processor, featuring Intel® Core™ processors, high-resolution screen and touch capabilities. Users can swipe, customize and share important reminders and notes that can help organize the details of a busy life.
