### **SS8 SELECTED AS A 2013 RED HERRING TOP 100 GLOBAL**

**Milpitas, CA - November 26, 2013** - SS8 is a 2013 Red Herring Top 100 Global winner. Red Herring announced its Top 100 Global last week in recognition of the leading private companies from North America, Europe, and Asia, celebrating the startups' innovations and technologies across their respective industries.

Red Herring's Top 100 Global list has become a mark of distinction for identifying promising new companies and entrepreneurs. Red Herring editors were among the first to recognize that companies such as Facebook, Twitter, Google, Yahoo, Skype, Salesforce.com, YouTube, and eBay would change the way we live and work.

"Choosing the companies with the strongest potential was by no means a small feat," said Alex Vieux, publisher and CEO of Red Herring. "After rigorous contemplation and discussion, we narrowed our list down from hundreds of candidates from across the globe to the Top 100 Winners. We believe SS8 embodies the vision, drive and innovation that define a successful entrepreneurial venture."

Red Herring's editorial staff evaluated the companies on both quantitative and qualitative criteria, such as financial performance, technology innovation, management quality, strategy, and market penetration. This assessment of potential is complemented by a review of the track records and standing of startups relative to their peers.
