WEBSITE SOLUTIONS COMPANY ANNOUNCES WEBSITE LAUNCH FOR GLASS & MIRROR COMPANY IN BRYAN/COLLEGE STATION

A+ Glass & Mirror, a glass repair and installation company in Bryan and College Station, recently gained a new online resource that was created by AgniTEK.

College Station, TX, November 26, 2013— AgniTEK, a nationally-recognized company for their expertise in helping organizations leverage technology to improve businesses, is pleased to announce the launch of a website for A+ Glass and Mirror at <http://www.aplusglassandmirror.net>. The new website was designed and created by AgniTEK associates and is live on the web.

A+ Glass & Mirror is located in Bryan, Texas and offers residential, commercial, and heavy equipment glass and mirror services to Bryan College Station and the surrounding areas. They offer 24 hour emergency service and are happy to provide free estimates for all of their customers' glass and mirror needs. The A+ Glass and Mirror team has over 30 years of experience with glass and mirror installation and want their clients to not have to worry, because they can fix it. The owner, Tim Bienski, is hands on and dedicated to running a business that people can trust where their expectations are exceeded. They offer the following services: plate glass, window glass, desktop plexiglass, insulated glass, mirrors, door closer, shower doors, glass storefront, and heavy equipment glass. To learn more about A+ Glass & Mirror, visit their website today. The A+ Glass & Mirror website features access to their commercial that offers customers a visual of what to expect from this business. A unique feature is the separation of commercial and residential services, which offers exclusive pages with details and pictures of the work completed by A+ Glass & Mirror. There is also an easy to use contact page that allows the customer to fill out what they need and offer any additional comments so the A+ Glass and Mirror team can provide

all the information to suit their individualized needs. All of these features were made possible by AgniTEK and their associates.
