

The Girlfriend Activation System, The Social Man's newest product and a step-by-step guide for every interval of the relationship has caught the attention of GentlemensUniversity.com's Stan Stevenson, prompting an investigative review.

"Until now, The Social Man's courses have mostly focused on improving self-confidence and attracting the opposite sex, sparking that initial attraction and other basic stuff," reports Stevenson. "The information that you get from the [Girlfriend Activation System](#) isn't the kind that you can accumulate just by doing research through the internet. There are also interesting new tips and techniques that come only with the system that you won't find anywhere else."

Chris Hudson has been known for coming out with some of the more effective PUA courses, despite his decidedly anti-PUA philosophies. Guys don't like being taught a philosophy and general attitude. They prefer simply knowing what to do and when to do it. The difference between a successful and failed relationship is how well they react to certain situations. From the [Girlfriend Activation System review](#), it shows that it hard wires what needs to be done so that men are never left clueless, regardless of the situation. During the limited offer, men can get 5 additional bonuses thrown in along with the original system itself, which include the Complete Confidence Hypnosis, The Breathtaking Hello, Endless Conversations, Texting, and the Ten Code; all at no added cost.

"The [Girlfriend Activation System review](#) shows that its different from the tons of other books and programs that try to solve these problems is that it focuses on a woman's obsessions by tapping into the principles of Literotica," says Stevenson. "Some of The Social Man's other programs have already touched on this, but the Girlfriend Activation System is much more comprehensive, yet it avoids that overwhelming feeling of complexity by presenting what needs to be done in a series of steps. I especially like how it's presented in a step-by-step manner."

"There's a series of steps for just about everything and every situation in The Girlfriend Activation System. You'll find yourself knowing exactly what to do and when to do it. It is one of the most unique PUA systems I've ever encountered and I like the ironically anti-PUA stance that it takes. Considering all the tips and techniques that you're getting, I would easily recommend this program to anyone who hasn't had that much success in dating and relationships."
