

The Wealthy Skeptic, Bill Poulos' comprehensive systematic solution that claims it can help people truly make a real and sustained income in just minutes per week even in today's volatile markets has caught the attention of GentlemensUniversity.com's Stan Stevenson, prompting an investigative review.

"Bill Poulos' real passion is trading the markets and he's used his experience in engineering to create some of the most powerful and successful trading systems, including The Wealthy Skeptic to amass an incredible personal fortune," reports Stevenson. "This system provides information in a healthy, balanced way that takes all the insecurities of today's fragile economy without using scaremongering techniques."

The Wealthy Skeptic shows that it includes 'The Simple Gold & Silver Guide' that offers the very best strategies to protect oneself from the meltdown that is guaranteed to come in the not too distant future. People will learn why owning precious metals like gold is critical for a healthy and thriving global currency market, the best ways to invest (gold futures and EFTS), and will also discover all the other implications about owning, storing and selling gold, and the critical tax implications that go along with it. The ultimate assessment protection tool 'Urban Survival Solutions: Surviving the Economic Collapse' is all about protecting oneself and the people one loves as states nationwide and even countries around the world are ending up bankrupt. 'Financial Self-Defense: How to protect everything you own' gives people the strategic plans that will build a fortress around their business, professional and personal assets, which includes their home, other real estate, and their nest egg.

"The Wealthy Skeptic review shows it is aimed at anyone who wants to ensure their own financial security, whatever the future may hold. The various reports are well written and all the information is backed up with real and relevant research that explains exactly why you should be taking steps now to safeguard yours and your family's future," says Stevenson. "You get a plethora of information that shows exactly how you can find ways to not only make those necessary investments, but also what to do to ensure that the profits you make remain yours, no matter what else happens around you."

"Mr. Poulos has made himself a whole load of money over the past four decades or so, and he's also provided systems that have helped others to do the same. He's now combined 40 years of his market experience and trading systems to teach thousands of traders around the world to create their own substantial incomes. The information you'll gain through The Wealthy Skeptic will certainly provide you with exactly what you need to arm yourself against any upcoming turmoil. You'll also learn how to survive financially, especially when the good old fashioned dollar bill is no longer an option. Anyone who cares about their financial future should definitely not ignore the information that The Wealthy Skeptic offers."
