

# Commercial PACE Dashboard

Updated November 11, 2013

## PACE Programs:

26 active PACE programs/platforms  
 17 PACE programs/platforms with funded projects  
 11 programs in development

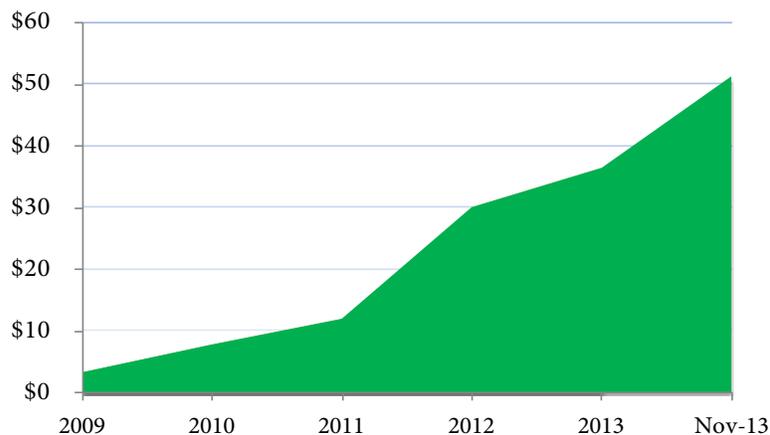

## National Landscape:

18 states and DC with PACE programs/platforms  
 9 states and DC with active PACE programs  
 8 states and DC with funded projects

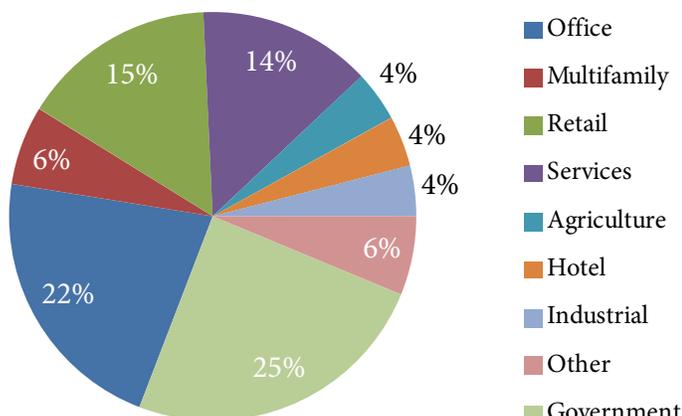

## Financing Activity Snapshot:

194 commercial PACE projects completed  
 Over \$51.4 million in funded projects\*  
 More than \$133 million in PACE project applications\*\*

Cumulative Project Financings, millions

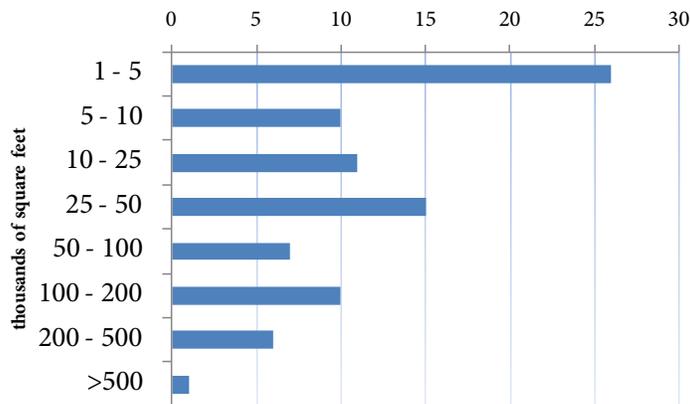

Projects by Building Type

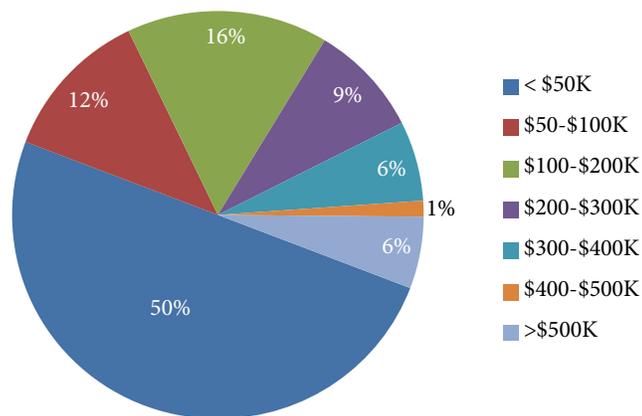

Note: Chart based on 176 projects.

Number of Projects by Building Size

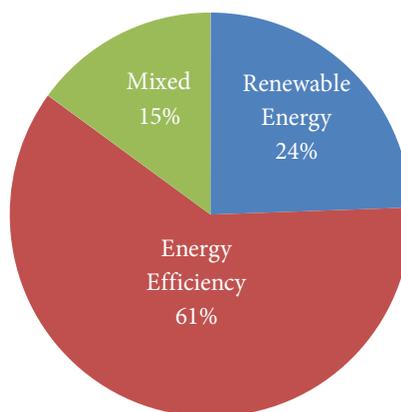

Note: Graph based on 89 projects.

Projects by Size

Note: Chart based on 136 projects.

Projects by Type of Improvement

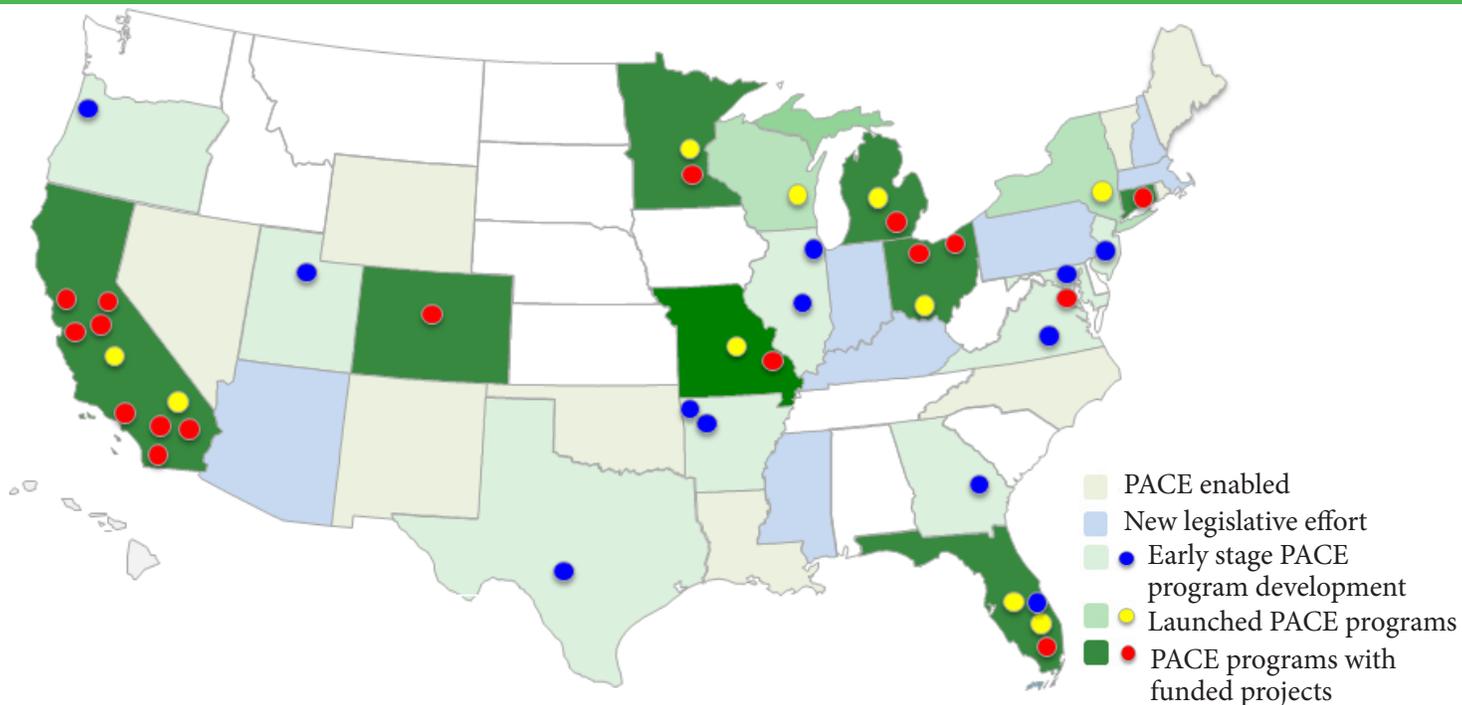

Note: Chart based on 180 projects.

\* Project completion data is provided by program administrators or other sources considered to be reliable, but has not, in all cases, been independently verified by PACENow.

\*\*Pipeline figures are reported by program administrators and in most cases reflect the number of actual applications for funding in process. While individual pipeline data is not shown, it is included in the total. Not all applications will result in projects.

# Commercial PACE Programs

Program Name	Lead Organization	Coverage	State
<span style="color: blue;">●</span> In Development	Arkansas Advance Energy Association	Fayetteville	AR
