## **ISI Emerging Markets selects EnterpriseSheet Solution as their EMISPRO Analytical Workspace**

**Ottawa, Ontario, December 12, 2013** - FeyaSoft Inc., the leading provider of enterprise spreadsheet solutions, today announced that they have entered into an agreement with Internet Securities Inc. (trading as ISI Emerging Markets), and have successfully integrated EnterpriseSheet solution into ISI Emerging Markets EMISPRO Analytical Workspace.

"We are pleased to be working with Internet Securities Inc. for building their EMISPRO Analytical Workspace based on our EnterpriseSheet solution", said Fenqiang Zhuang, Founder and CEO of FeyaSoft Inc, "ISI Emerging Markets provides hard-to-get information covering more than 100 emerging markets, and we are very happy to be able to assist them on their path."

"We selected FeyaSoft, because we needed a level of customization and integration with our financial analytics application that only they could provide", said Carl Blake, VP, Head of Technology for ISI. "Flexibility, quick response time and great support all contributed towards making the project a success."

### **About ISI Emerging Markets**

Founded in 1994, ISI Emerging Markets was acquired by Euromoney Institutional Investor PLC in 1999. ISI Emerging Markets ([www.securities.com](http://www.securities.com)) works from over 15 offices around the world to deliver electronic information products, by subscription, to institutional customers globally. ISI provides hard-to-get information covering more than 100 emerging markets. Its flagship product is the Emerging Markets Information Service (EMIS).

### **About EMISPRO Analytical Workspace**

The EMISPRO Analytical Workspace delivers online, integrated spreadsheet analysis capabilities from virtually any connected device, anywhere, anytime. The built-in EMISPRO tools make it simple to integrate standardized or as reported financial data from the Emerging Markets Information Service (EMIS) database of more than a million listed and private companies in over 100 emerging market countries with your custom calculations to quickly and easily create proprietary spreadsheet models.
