DC Services selects MobiWork® as their field services management solution.

Tennessee based leading provider of assembly, installation and retail delivery services successfully deploys MobiWork MWS® field services management solution to its 300+ North American workforce.

Boca Raton FL, December 19, 2013: Florida based MobiWork® today announced that DC Services, a leader in the assembly, installation and retail delivery services, has selected MobiWork MWS® for its field services operations.

"We have over 15 years of experience in our industry and we have evaluated multiple field services management solutions over the years. None of them come close to what MobiWork offers in terms of features, configuration and integration capabilities, and ease of use." said Trent Harvey, Founder and CEO. "We successfully deployed the MobiWork MWS® solution to more than 300 users across the country and we look forward to expanding our operations in the coming months."

Hervé Rivère, founder and CEO of MobiWork® stated: "We have been very impressed with DC Services' level of expertise and professionalism. We are thrilled to be a part of DC Services growth and expansion".

MobiWork will be attending the Mobile World Congress in Barcelona from February 24th, 2014 through the 28th and will be available to demonstrate its solutions on-site.
