

Unlimited Abundance, a program that claims to help people discover exactly how to gain the correct work-life balance, which means their family and friends will also be happier and more content has caught the attention of UnlimitedAbundance101.com's Stan Stevenson, prompting an investigative review.

"<http://www.youtube.com/watch?v=b-hi95KVAAl> [Unlimited Abundance __title__ Unlimited Abundance Review] is a life coaching program that works on the principle of what Christie calls 'Abundance Blocks'. Using this program, you can start removing these from your life, and start taking full advantage of everything it is that you need to make it complete," reports Stevenson. "Unlimited Abundance is presented in audio format, which means that you get to actually listen to Christie herself, getting the full benefit not only of her knowledge, but also her tone, positivity, and energy channeling methods."

Presented in an audio format, Unlimited Abundance consists of 25 separate coaching sessions that include everything about clearing resistance, doubt, clutter, lack of self worth, uncertainty, and fear of success. It uses a three step system to open energy fields and basically kick starts people into the right frame of mind. Members will also learn to understand the four different types of energy, and how to literally tap into the correct type to take full advantage of every kind of life situation. The very last coaching session of the course shows them how to continue on their journey towards the success and wealth that they previously only dreamed was possible. Members can also connect with other positive minded souls via the members' private online community.

"According to Christie Marie Sheldon, what makes a person who seems to have it all different from you is their state of mind and consciousness. If we could only break through this, we could honestly discover how to attract wealth of all kinds into our lives, you know, the money, the lifestyle, and the 'toys' that are the trappings of a successful lifestyle," says Stevenson. "Unlimited Abundance is a pretty self-explanatory name for what this healer and energy coach says is a home training program that removes the 25 stumbling blocks to the financial and emotional wealth you crave."

"Unlimited Abundance truly does fit around your life and doesn't control it. You can study at your own pace and take advantage of the audio sessions on any multi-media device, including your iPod and iPad. By changing your mindset, you will suddenly begin to experience a passion and motivation to excel in all areas of your life. This is a life coaching program that can only have a positive effect. If you're honestly looking for that much needed boost towards the success you've always dreamed of, then we strongly suggest you give Christie Marie Sheldon's program a try."
