

Automated Messaging Colleges & Universities

Time Saving

Creating a broadcast can be done in a few quick steps. No need to dedicate hours to manually calling students, for payment deadlines or for cancellation notifications.

Try us!

Real-time Reporting

We provide useful, real-time reports for every message you send to your students. Reports are easy to access and downloadable for use in other reporting tools.

Try us!

Voice & SMS

Send your students voice or SMS messages or both. We make it easy for you to send your messages to your students in a way they want to be reached.
