

You can donate:

Modern Cell Phones like iPhones, Android Phones, iPods, Cameras and Laptops will raise the most money!

Please ask your place of work if they have no-longer-used Cell Phones or devices that could be donated. Donations are tax deductible and most companies have dozens of used Cell Phones they no longer use.

Try to avoid giving:

Old flip phones. These will have no resale value and will not raise any money for the school.

For more information about this fundraiser contact Trade2Save.com on 888-884-4036.

You can also donate your Cell Phones to Joaquin Moraga by visiting Trade2Save.com.

Click Donate at check out and select Joaquin Moraga.

We'll send you a postage paid shipping kit to send in your Cell Phone or other devices.

Please Donate your used Cell Phones to Joaquin Moraga.

Drop off your Cell Phones, Tablets or other devices at the JM Main Office from January 6th-24th 2014.

Trade2Save.com, 2 Peralta Court, Moraga, CA 94556

Hand in your Cell Phones & other no-longer-used devices today to JM!

Joaquin Moraga Intermediate School would like to re-use your old Cell Phones and turn them into cash to raise money to buy iPad Carts & iPads to benefit our students' learning in the classroom. We have teamed up with a local Moraga business, Trade2Save.com, a buyer of used cell phones and other devices.

Please donate your old Cell Phones or other devices lying around at home or at work.

"Please ask your workplace for donations too! What better way to put their value towards our childrens' education?"

Here's what to do:

Please gather up your no-longer-used Cell Phones today and drop them off at the JM Main Office. Our Cell Phone Drive starts Monday Jan 6th and ends Friday Jan 24th.

We want to turn your old Cell Phones into new iPad Carts and iPads to enhance the education at Joaquin Moraga.

A few ways that iPads have been shown beneficial in the classroom:

Customized educational apps enable students to take control of their own learning.

The touch-screen allows students to engage more interactively with content.

Education programs can be tailor-made for each student.

Each iPad Cart can securely store and charge up to 30 iPads.
