WEBSITE SOLUTIONS COMPANY ANNOUNCES ONLINE RESOURCE FOR HOME OWNER ASSOCIATION IN COLLEGE STATION, TEXAS

The Nantucket Preservation Association, a home owner association in the Nantucket Rural Subdivision, recently gained a new website that was created by AgniTEK.

College Station, TX, January 10, 2014– AgniTEK, a nationally-recognized company for their expertise in helping organizations leverage technology to improve businesses, is pleased to announce the launch of a website for the Nantucket Preservation Association at <http://www.nantuckettexas.com>. The new website was designed and created by the associates at AgniTEK and is live on the web.

The Nantucket Preservation Association is the home owner association of the Nantucket Rural Subdivision. Nantucket is located just south of College Station, Texas on the southwest side of State Highway 6, and is located in the southern part of Brazos County. Nantucket contains about 230 home sites ranging in size from 1 acre to 5 acres and deed restrictions maintain a rural subdivision lifestyle. Nantucket is a beautiful subdivision with amenities like a 33 acre private fishing lake and park for the enjoyment of its residents. The Nantucket Preservation Association is made up of multiple committees to keep the subdivision in order. These committees consist of an Architectural Control Committee, Social Committee, Lake and Park Committee, Communication Committee, Strategic Development Planning Committee and a Maintenance Committee. To learn more about the Nantucket Preservation Association, visit their website today.

The Nantucket Preservation Association website is a highly organized online resource that serves as an easy way for residents of the community to obtain information about it. The site features numerous archives with information on the various committees, meetings, newsletters, covenants and much more that contain links to useful documents and forms that residents might need. The site also provides a

Resident's Forum where residents can post and comment on threads of announcements and news pertaining to the subdivision. All of these features were made possible by AgniTEK and their associates.
