Often, our country's military personnel miss out on life's most precious moments due to military commitments, deployments, casualties and injuries. In gratitude for their service, **A Salute to Our Soldiers** wedding give-away enables Vermont's wedding vendors to personally say "thank you" to three commendable couples.

Last year, the co-founders Jackie Watson and Lorin Holmes wanted to be able to offer more than just one gift to one deserving couple. With pride and excitement, Jackie explains, "This year three couples will tell us their heartfelt stories and will walk away with wonderful memories provided by these incredible Vermont professionals! I am simply thrilled about what we have started here!"
