Why You Should Apply for Social Security Disability Insurance (SSDI) Benefits

Regular Monthly Income:

SSDI is a regular monthly payment that supplements any current disability benefits you receive and can also provide annual cost-of-living increases. A portion of these benefits may be tax free.

Medicare Benefits:

Regardless of your age, 24 months after your date of entitlement to SSDI benefits, you are eligible for Medicare benefits, which includes Part A (hospital benefits) and Part B (medical benefits). A variety of Medicare Advantage plans also are available to you.

Prescription Drug Coverage:

Once you're entitled to Medicare, you also are eligible for Medicare Part D, the prescription drug plan.

COBRA Extension:

If you receive SSDI benefits, the length of your COBRA benefits may be extended an additional 11 months.

Long-Term Disability (LTD) Benefits:

If you have private long-term disability insurance, your provider most likely will require you to seek SSDI. Complying with this requirement could help protect your ability to receive LTD income.

Protected Retirement Benefits:

When you reach retirement age, SSDI ends and you transition to Social Security retirement benefits. SSDI entitlement "freezes" your Social Security earnings record during your period of disability. Because those years will not be counted when computing future benefits, your Social Security retirement benefits may be higher.

Dependent Benefits:

If you receive SSDI benefits and you have a dependent under age 18, he or she also may be eligible for benefits.

Return-to-Work Incentives:

Social Security will provide you opportunities to return to work while still paying you disability benefits.

97% Success Rate*

98% Satisfaction Rate**

The Allsup Advantage

Allsup is the premier provider of Social Security disability, veterans disability appeal and Medicare plan selection services. Serving individuals with disabilities for nearly 30 years, Allsup was founded as the first nationwide, non-attorney service helping people receive their SSDI benefits. In its history, Allsup has successfully secured disability benefits for more than 200,000 deserving customers and obtained nearly \$18 billion in SSDI payments and Medicare benefits.

- *Our 97 percent success rate for customers who complete the SSDI process with us far exceeds the national average of those applying without professional representation.
- Our expert and knowledgeable staff specializes in disability and has accumulated decades of experience in dealing with the Social Security Administration (SSA).
- A single, specialized representative will handle your claim at each level to expedite your SSDI benefits and Medicare entitlement.
- Allsup claims experts are located all across the country and will personally represent you at local hearings, if necessary.
- Allsup makes certain all Social Security forms are completely and properly filled out and submitted. We also gather relevant medical records and documents from your healthcare professionals.
- Allsup monitors the status of your claim, ensures your file is updated, and keeps you informed of its progress.
- Eight of 10 Allsup customers who receive benefits typically do so without ever visiting an SSA office.
