

HAVE COURAGE. GO FORWARD.

Make Noise!

Extension Day

SHARE CHRIST'S LOVE

"Do not be afraid to go out and bring Christ into every area of life to the fringes of society, even to those who seem farthest away, most indifferent."

Pope Francis

Imagine your good works seen by Pope Francis!

Well they could be! — Extend beyond your normal boundaries and dedicate a day to service, prayer or philanthropy for the first-ever Extension Day.

At World Youth Day, Pope Francis called young Catholics to bring the presence of Christ to those on the periphery — and to do so boldly. Given Catholic Extension's unique status as a papal society, we are inspired to respond to our Holy Father's call.

Prayer • Service • Philanthropy

We invite you to document your "Extension Day" in a creative way with a short video (less than two minutes, doesn't have to be polished). We'll post it on our Facebook page, allowing fans to "like" their favorites, based on passion, creativity and message impact.

Videos that receive the highest social support and strongest reviews from our panel of judges will be:

Included in a report submitted with the help of Catholic Extension's Chancellor Cardinal Francis George to **Pope Francis** on the first anniversary of his election to the papacy (March 13, 2013).

Awarded grants from Catholic Extension ranging between **\$500** and **\$1,000** to benefit your group or ministry.

Be sure to submit your video from November 12, 2013 to February 3, 2014

For details and ideas about how you can make noise:
