

NEW - AN INDUSTRY FIRST!

OWN A WATERJET FOR THE COST OF A 4X4 PICKUP!*

Turn your tractor or skid steer into a powerful ultra-high pressure waterjet system!

Designed especially for rural environments with limited electrical service, Jet Edge's TACH-JET® uses a tractor or skid steer's hydraulic circuit to produce a 55,000 psi waterjet capable of cutting parts from virtually any material.

TACH-JET® FEATURES:

- 40" x 40" (1m x 1m) 3-Axis Motion System
- Jet Edge Eco-Jet TACH Direct Drive Pump
- Requires a hydraulic power unit capable of a minimum output of 50 HP (must be capable of supplying continuous 3000 psi fluid at 29 gpm)
- Requires 115v 60 Hz or 230v 50Hz Power Source, Fresh Water Source and Suitable Tractor or Skid Steer
- Operate with a Windows® PC
- FlashCut Pro-Series Stepper Controller and FlashCut CNC software
- IGEMS path generation software

Why Waterjet?

- Cut Parts from Virtually Any Material
- No Heat, Flames or Noxious Fumes
- Make Needed Parts Now - Why Wait Days or Weeks?
- Create a New Revenue Source
- Own the Ultimate Tool for Hobbyists and Do-It-Yourselfers!
