

TeliGlobe™ Mobile Softphone

Help your Business to Grow with Mobile VoIP

TeliGlobe™ is an easy-to-use mobile softphone application for both IOS and Android devices. This cloud-based mobile softphone can be downloaded for free by your end users from both the Apple App Store and Google Play. TeliGlobe enables you to easily add a mobile option to any VoIP service that you offer using Telinta's hosted solutions.

TeliCore™ is our robust carrier-grade platform, integrating Telinta's cutting-edge VoIP solutions with world-class Switching and Billing capabilities from PortaSwitch. With Telinta's highly-customizable white label solutions, you and your resellers can offer a full range of services in addition to Mobile VoIP, all under your own brand.

- **Cloud-based, rapid deployment, with no capital investment**
- **Best-of-breed mobile softphone technology**
- **Highly stable, scalable and customizable platform**
- **Full portfolio of ready to use turn-key solutions for VoIP service providers**
- **Your own VoIP origination and termination partners**
- **Comprehensive training and Around-The-Clock Technical Support**
