Kansas City, Mo., Jan. 31, 2013 – Pastor John Wiley, an unconventional preacher with practical, action-inspiring messages, can now be followed and contacted online through a new and interactive website which is accessible to all Internet devices. This site has an up-to-date design that enables visitors to read his testimony and blogs, watch or listen to sermons, and find ministry updates, as well as post requests for advice and leave comments and feedback. Media appearances of Wiley, who has appeared on The 700 Club three times, are also available.

Links can be easily located on the site to Wiley's other ministry websites: the River Church in Raytown, Mo., where Wiley is founder and senior pastor; the River of Refuge, a non-profit organization founded by Wiley which provides free temporary housing to working families in the Kansas City area; and The Raw Word, Wiley's audio blog. Visitors also will find his Facebook, Twitter, and LinkedIn feeds and links to connect with Wiley on each of these social media platforms.

Through this new website, Pastor John Wiley, who already has an international online audience, hopes to reach young adults around the world who want to grow in their faith as well as those who may be disillusioned with the established church or non-Christians who are seeking truth. It is his desire to present his faith in a fresh and relevant way to believers and non-believers alike.

The new website, www.pastorjohnwiley.com was created by Premier1 Studios, a PR and marketing agency which specializes in Christian entertainment.

ABOUT PASTOR JOHN WILEY

John Wiley is the founding pastor of the River Church Family in Raytown, Mo.; an ordained pastor of the Foursquare Church International; and the current Divisional Superintendent for the Kansas City Metro Foursquare Division.

Wiley's ministry call to his community was ignited by a direct vision from the Holy Spirit that he is to be accountable for the spiritual climate of his city. His River Church Family congregation started with 15 teens and grew to be around 300 at present. Wiley bought the vacant Park Lane Hospital building on faith and turned it The River of Refuge making it a home for the working families trapped in single-room motels. A product of a broken home, troubled childhood, and identity crisis-filled adolescent years; Wiley can identify easily with those around him suffering and in need.

Wiley has been married to Mary Jo since 1982 and has three children and four grandchildren.
