

modoero X Series

Quad Core Processor – the fastest in the industry, it launches and runs today's applications quicker than ever and has enough processing power on tap to run even more demanding applications to come in the future.

- **New 65 Graphics Engine** – renders graphics faster and smoother for an even better looking user experience
- **New Quad Core Processor** – provides improved processing power to run the most demanding applications today and for years to come
- **Built-in Web Browser and Document Viewer** – conveniently simplifies accessing built-in Web Browser and Document Viewer – conveniently simplifies accessing More Mounting Options including Flush Wall Mount and Sealed Cabinet/ Table Mount – now available in a sleek, in-wall/ceiling/table mounting solution for enhanced aesthetics and theft deterrence
- **Deploy and Update Touch Panel Files from a network URL to simplify touch panel management**

Upgradeable Kit
Graphics Engine by purchasing the Model X G4 to Model X G5 (MXA-G5-UPG)
X Series G4, "10.1", "19.4", and 20.3". Touch Panels can be upgraded with the G5
X Series G4 Touch Panels are also available for purchase. Additionally, Model
X Series G4 Touch Panels are available for purchase. Additionally, Model

While many consider the Macintosh family of touch panels to be leaps and bounds in design and functionality above anything else on the market, we knew it could be improved further. And now it is. The new Model X Series has been significantly enhanced to include a new 65 Graphics Engine that provides faster and smoother animations and transitions for a UI that remains simply beautiful, beautifully simple. While we were dropping a new graphics engine under the hood, we decided to quadruple the processing horsepower with a new

- **Extended Opportunities** – Extend the beauty of Modero X touch panels to more rooms and smaller spaces
- **Differentiate Yourself** – The Modero X Series offers design and technology control to more rooms and smaller spaces

• **Expanded Design Opportunities** – Extend the beauty of Modero X touch panels to more rooms and smaller spaces

KEY FEATURES

This unique portrait Modero 4.3" Wall Mount Panel offers the same edge-to-edge capacitive touch glass and multi-touch capabilities as the larger Modero X panels. It enhances any residential architecture by fitting nicely into small spaces such as kitchens and hallways. The 4.3" is also ideal for education settings in classrooms and hallways. The 4.3" is also ideal for wall-mounted outside classrooms and conference rooms for scheduling.
