SUMMARY: PUABooks.net releases a review of Mehow's 3 Second Sexual Attraction a new training program for men which claims to reveal a proven method for sparking red hot attraction in women - in three seconds flat.

Mehow's 3 Second Sexual Attraction 2.0 - a how-to guide for men who wish to master the art of attracting beautiful women has just been released to the public sending shock waves through the men's dating advice community. The buzz surrounding the program's release has caught the attention of PUABooks.net's Clint Johnson prompting an in depth review of the course material.

"One of the biggest problems single men face is not knowing how to talk to women in a way that will enable them to create genuine attraction," says Johnson. "And while there's no shortage of cheesy pick up lines and other gimmicky approaches out there for guys who want to 'fake it until they make it', Mehow's course promises to reveal a real solution that has been rigorously field tested and shown to work for guys from all kinds of different backgrounds and experience levels. Mehow has a reputation for helping even guys considered to be the toughest of the 'hard luck cases' to turn things around and to date women others might say were 'out of their league', so I heard about this new course I was eager to review it in order to learn his 3 second attraction method."

Three Second Attraction was developed by Mehow, a pioneer and accomplished thought leader in the world of pick-up and attraction, widely known for the invention of "in-field" pick-up videos. Mehow's new 3 Second Attraction course teaches men a method for talking to women that avoids long boring conversation, and instead allows one to connect with a woman emotionally, sparking attraction within seconds. The program which is available digitally online comes with an array of bonus material including a complete audio-book version of the course read by Mehow himself.

"Our 3 Second Sexual Attraction review explains that the course is loaded with literally hundreds of word-for-word examples of what to say and do in just about any situation one might find themselves in on the singles scene," says Johnson. "I think that having this complete system is going to help a lot of guys to feel a brand new sense of power and control over their success with women. It's almost like a 'secret doorway' into a woman's mind that can make a guy irresistibly charming and attractive."
