## Enabled by Intel® Atom™ Tablets for Windows\* 8.1

When looking for a good restaurant, café, or even gas station, it isn't always easy. Especially while traveling in a new location.

Yet the Getit Local Search app by Getit Infoservices Pvt. Ltd. offers a new way to find places throughout India. Featured on Intel® Atom™ tablets for Windows\* 8.1, Getit Local Search provides a virtual "yellow pages" with up to date search results that includes more than 5 million businesses.

Getit Local Search app is rated as one of the top local search apps for India. It includes:

- GPS that auto detects a user's current location and features results based on location
- Quick links to top/popular categories for faster searches
- Refine searches based on attributes and location
- Interactive map with directions
- Call any business with a single click/tap
- Share businesses via email and text
- Save favorite listings

# Search and Find with Getit Local Search

Getit Local Search for Windows\* 8.1 tablets is a comprehensive, user-friendly guide for local yellow pages information throughout India. It provides a simple, convenient and intuitive interface to find nearest restaurant, hotel, coffee shop, ATM, mall, movie theaters and more all over India.

Getit Local Search is optimized for the unique capabilities of Intel Atom tablets for Windows\* 8.1. The touch capabilities, high-resolution screen and powerful Intel Atom processors combine to create an engaging and interactive platform to find the places users want on new Windows\* 8.1 tablets.

Getit Local Search features:

**Free, fresh and hotdeals** – Get exclusive deals featured at locations in 65 cities across India. For example, users can search for shops in malls to discover deals, events and promotions.

**Powerful search features** – Easily search for local business information and rate, review and see what others have written about a business. Search options can be based on business attributes, location and more.

**Quick links** – Select popular categories to find a business quickly. Plus, connect with merchants with a single click.

**Information Sharing** – Merchant information can be easily shared with other users through texts and/or emails.

## Getit Local Search Powered by Intel
