Welcome Message Dr. Harald zur Hausen

Dear Fellows

As a member of organizing committee of the **4th World Congress on Virology** at **San Antonio, Texas, USA** from **October 06-08, 2014**, it is my pleasure to welcome you to this important event.

We expect that this decade will see substantial advances in the field of Virology. My own work in the area of virus-linked cancers, in particular HPV 16 and HPV 18 showed us the potential in this field. Thus, I would like to make a few remarks on the important stream topics of the conference.

Virology explores the nature of the viruses and their structure and assembly, viral genome replication and regulation of gene expression, genetic diversity and evolution, virus-cell interactions, cellular responses to infection, transformation and oncogenesis, gene delivery, viral pathogenesis and immunity, and vaccines and antiviral agents. The viral infection causes changes in the cell, particularly in its antigenicity; moreover, directing the host cell's metabolism to the production of new virus particles may cause cellular death. Virally-induced cell death, changes in antigenicity and the response of the host to the presence of the virus leads to the manifestations of viral disease.

Therefore, it is very useful to bring together experts from the field of Virology for discussions of the latest advances and ideas, and to stimulate interdisciplinary interactions.

Conferences like this one may help to speed up the development of effective therapies for viral Disorders. In this part **OMICS Group Conferences** doing an excellent job towards bringing efficient scientists all around the world to a common platform to discuss various streams in Virology.

Am very happy and delighted to participate at this event and anticipate interesting discussions with my colleagues at San Antonio in **Virology-2014**

Once again am delighted to invite you to take part in this conference.

Regards

A handwritten signature in gold ink that reads "Harald zur Hausen".

Harald zur Hausen

Nobel Prize Winner for Medicine in 2008

Invitation

OMICS Group welcomes you to attend the **4th World Congress on Virology** during **October 06-08, 2014 at San Antonio, USA.**

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Virology.

Virology-2014 anticipates more than 300 participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates include Editorial Board Members of related OMICS Group Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

*The main theme of the conference is “**Recent Innovations in the field of Virology**”.*

Regards,

Virology-2014 Organizing Committee

About Us

OMICS Group Journals

- 300 Open Access Journals
- 21 Day rapid review process
- 22000 Editorial team, 27000 Reviewers team
- 2.5 Million readers and high visibility
- More than 100000  fans
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

OMICS Group Conferences

- 80 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

Special Issues

All accepted abstracts will be published in respective OMICS Group Journals

Each abstract will be provided with digital Object Identifier by

The field of Virology is growing rapidly and its development is making tremendous impacts in medical sciences and pharmaceuticals. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

Virology-2014

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following OMICS Group Journals,
 - Journal of Antivirals & Antiretrovirals
 - Journal of Virology & Mycology
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging ideas
- Share your excitement in promoting Health care, Clinical R & D
- Conference brings together Scientific Researchers, Business Entrepreneurs and Pharma, Biotech & Healthcare, Industry Developers

About San Antonio

San Antonio is the seventh-largest city in the United States of America and the second-largest city within the state of Texas, with a population of 1.33 million. The city was named for San Antonio de Padua, whose feast day is on June 13, when a Spanish expedition stopped in the area in 1691.

Famous for Spanish missions, the Alamo, the River Walk, the Tower of the Americas, the Alamo Bowl, Marriage Island and host to SeaWorld and Six Flags Fiesta Texas theme parks, the city is visited by approximately 26 million tourists per year according to the San Antonio Convention and Visitors Bureau.

The city is home to the four-time NBA champion San Antonio Spurs and the annual San Antonio Stock Show & Rodeo, one of the largest in the country.

San Antonio has a strong military presence it is home to Fort Sam Houston, Lackland Air Force Base, Randolph Air Force Base, and Brooks City-Base, with Camp Bullis and Camp Stanley outside the city. Kelly Air Force Base operated out of San Antonio until 2001, when the airfield was transferred over to Lackland AFB and the remaining portions of the base became Port San Antonio, an industrial/business park. San Antonio is home to five Fortune 500 companies and the South Texas Medical Center, the only medical research and care provider in the South Texas region.

Conference Details

Venue

Hilton San Antonio Airport
611 NW Loop 410, San Antonio
Texas, 78216, USA
Tel: +1-210-377-4608
Fax: +1-210-377-4614

Important Dates

Abstract submission opens: November 12, 2013
Registration opens: November 12, 2013
Early bird registration: March 19, 2014
On spot registration: October 06, 2014
