***TeleDynamic Communications, Inc* Awarded Digium® Pinnacle Partner Award for Outstanding Sales and Service of Switchvox Business Phone Systems and Asterisk Custom Communications**

Annual Awards Recognize Top Digium Partners Worldwide that Deliver Unparalleled VoIP Solutions and Services

March 19, 2014, San Francisco, CA – TeleDynamic Communications, Inc., the Bay Area’s premier provider of [On-Premise](#) and [Hosted PBX](#), [SIP trunking](#), and Unified Communications for business, today announced it has been awarded a 2014 Digium Pinnacle Partner award for outstanding sales and service. These Pinnacle Partner awards are presented annually to leading Digium partners who have excelled in developing and growing their partnership with Digium and driving customer success for either Switchvox Unified Communications (UC) or Asterisk Custom Communications solutions. [TeleDynamic Communications, Inc.](#) is one of the outstanding organizations selected based on annual sales and commitment to customer satisfaction.

"We are honored to have received this award again in 2014. Over the last several years, we have seen rapid growth of our Digium business," said Randy Kremlacek, CEO of TeleDynamic Communications, Inc. "Our company’s VoIP expertise and UC capabilities combined with Digium’s compelling product portfolio has led to our continued growth. By partnering with Digium, we believe we are able to offer customers the greatest value and feature-rich solutions for their office communications."

"Each year, it's an honor to recognize so many of our channel partners who have committed to servicing their customers and growing their businesses with Digium solutions," said Jim Butler, director of worldwide channel sales for Digium. "The Pinnacle Awards serve as appreciation for those partner organizations that have helped to expand our worldwide base of customers through the delivery of our affordable, feature-rich Switchvox phone system and custom Asterisk-based communication solutions."

About Digium

Digium®, Inc. provides Asterisk® software, telephony hardware, and hosted and on-premises Switchvox business phone systems that deliver enterprise-class Unified Communications (UC) and UC as a Service (UCaaS) solutions at an affordable price. Digium is the creator, primary developer and sponsor of the Asterisk project; the world's most widely used open source communications software. Asterisk turns an ordinary computer into a feature-rich communications server. A community of more than 80,000 developers and users worldwide uses Asterisk to create VoIP communication solutions in more than 170 countries. Since 1999, Digium has empowered developers to create innovative communications solutions based on open standards and open source software, providing an alternative to proprietary phone systems. Digium Switchvox Cloud and other cloud-based products and services are offered through Digium Cloud Services, LLC, a wholly owned subsidiary of Digium, Inc. Digium's business communications products are sold through a worldwide network of reseller partners. More information is available at <http://www.digium.com> and <http://www.asterisk.org>.
